

Release Notes & Updates August 16, 2021

These are the new features and updates for our August 16, 2021 (8.16) release.
If you have any questions about these or any features, please contact us at help@ce21.com

LMS

CATALOG

- Fixed an issue where tax was not being included in the price on product pages and widgets
- Fixed an issue where duration was showing all scheduled hours instead of presenter duration

LISTS

- Updated the Document cert requirement so that it is not immediately available

PRODUCTS

- Fixed an issue where the download button would appear multiple times when previewing the viewer in archive mode
- Renamed the Evaluations tab to Reviews in products to better reflect what data is contained in this tab
- Updated the language to be more clear when a product has no certificate selected
- Programs that have already been added to a classroom will no longer be listed when searching for the next program
- Added a loop duration for live webcasts when the product is in archive mode
- Updated the language used when adding the Agenda Attendance Confirmation requirement to be more clear what this option does
- Fixed an issue where the Launch button, when displayed in the product details, was not functioning as expected
- Fixed an issue that would reset the Do Not Display Times, when adding a participation code and adjusting the Do Not Display Times
- Added the ability to search for speakers and use date range when searching for programs to add to a classroom

REPORTS

- Updated the completion report to show the registrant name instead of the purchaser name if a program was purchase for someone else
- Updated the Discount Usage report to include group discounts

VIEWER

- Fixed an issue where media would play out of order when previewing the viewer in archive mode

AMS (Lighthouse)

DIRECTORY

- Member websites are now hyperlinked in the directory
- Updated the settings and the UI of the directory for better look and feel

DONATIONS

- Added a One-Time (Paid Offline) radio button when entering a donation that was paid outside of the system

NOTIFICATIONS

- Fixed an issue where some payment reminders were triggered on the wrong date

REPORTS

- Added more standard field columns to the column chooser in the Group Member report

Full System

ACCOUNTS

- Speaker records can now be updated through the customer import

CATALOG

- Fixed an issue where the password reset function was not recognizing special characters

PRODUCTS

- Fixed an issue where the total run time for a classroom was not totaling correctly

QUESTION SETS

- Add more file types that can be selected by staff that can be uploaded in question sets

REPORTS

- Added the option to "Next Month" to the dropdown for Calendar Days when scheduling a report
