

Release Notes & Updates

February 28, 2022

These are the new features and updates for our (22.4) release.
If you have any questions about the items listed in this release, please visit [The Exchange](#) and leave a comment.

LMS (Trident)

ACCOUNTS

- The Notes field in the viewer will now automatically save your users' notes.

CATALOG APPEARANCE

- In the Credit Tracker, we have fixed a defect where the agenda speakers weren't correctly showing only for the agenda for which they were a speaker. If you track credit on the agenda level, that will now show the appropriate speaker for that agenda item.

PRODUCTS

- Updated the Ask the Speaker Tab to be more user-friendly.

AMS (Lighthouse)

GROUPS

- Fixed an issue where invoices were remaining open after a member upgraded their membership.
- Added employee names to company based membership dues invoices.
- When a manual payer upgrades their membership they now land in the shopping cart if they choose to upgrade now.
- Fixed an issue with membership payment reminder tokens.

ACCOUNTS

- Fixed an issue where an incorrect status was being displayed on the customer search page.

SETTINGS

- Remove Ecommerce tabs if not in use.

CATALOG APPEARANCE

- Updated the Registrant Report in the Company Portal to allow company admins to download employee certificates individually or in bulk.

SMART LISTS

- Added Is Empty to the list of operators when selecting date data fields.

Full System

SETTINGS

- Help Text has been added to Bundle Pages in Manager to help provide additional context to Users.
- Added the ability to display the Bio/Background and social media fields to the list of Standard Fields so that they can be displayed at account creation, in question sets, in forms, and imported to.

HELP BUCKET

- Now Customers can surpass the attestation statement and still access the certificate.

LISTS

- Now Customers can surpass the attestation statement and still access the certificate.

SALES

- Added a Failed Recurring Payments tab to the Ecommerce Errors page.

ACCOUNTS

- Updated the speaker email address to be clickable.
