

Release Notes & Updates

March 28, 2022

These are the new features and updates for our (22.6) release.

If you have any questions about the items listed in this release, please visit [The Exchange](#) and leave a comment.

LMS (Trident)

SALES

- Complex Live events: Created a way to be able to exclude discounts on agenda level tickets like dinner options where you charge an additional fee that can't be discounted. Each agenda item now has an option to mark as discountable or not.

CATALOG APPEARANCE

- Making it clearer for end users to update their credit card on file for their payment plans that have failed.

PRODUCTS

- Using the Product Template, you can now create multiple of the same type of product using a new multi-select tool.

REPORTS

- To the Discount Usage Report, we are adding several more columns to give you more information about the Registrants related to those Discounted purchases such as name, address, company and phone numbers.

AMS (Lighthouse)

DONATIONS

- Adding member name who changed membership status in notes.

Full System

CATALOG APPEARANCE

- Mobile View Catalog Nav Bar is no longer hidden and is now accessible to users.

SALES

- Registrant Questions now work as intended on Backend Orders.
