

Release Notes & Updates

May 9, 2022

These are the new features and updates for our (22.9) release.
If you have any questions about the items listed in this release, please visit [The Exchange](#) and leave a comment.

Full System

LISTS

- Disabling Launch now disables launching Certificates in Virtual Summits/Classrooms.
- Added an expiration date field so that forms can be turn off.

LMS (Trident)

PRODUCTS

- Users can now print completed Affidavits (front and backend).

AMS (Lighthouse)

ACCOUNTS

- Added automated notes to company profiles.

GROUPS

- Added the ability to relabel the Join and Buy and Sign In buttons that are displayed in the product details for a price adjustment and the More Information button on the Groups Marketing page.
- Added the ability for people to be auto added to a group if they meet the criteria of a smart list.

REPORTS

- Added a new report for Lighthouse customers so they can find members who have rejoined the association.

SALES

- Issue Refund button now offers the option to Cancel Payment Plans via checkbox.

SETTINGS

- Added a column in the standard and custom fields table to show which fields are set to display in a member's profile because the field was asked in a question set. (Displayed filed form question sets 1 & 2)
