

# CE21 Mobile App: Mobile Learning, Simplified

The CE21 Mobile app is a transformative tool for learners seeking flexibility and convenience. It allows seamless access to content anytime, anywhere, even when offline, making it easier than ever to stay updated with programs.

Users can complete certifications, engage in live chats and forums, and ask questions to speakers in real-time, all from the convenience of their mobile devices.

Additionally, the app is fully white-label-ready, empowering associations to customize their branding, track analytics, and manage user feedback effortlessly. Enhance your learning platform with our mobile app and create an exceptional, branded experience!

## CONVENIENCE

Allow learners to access their content anytime, anywhere, including offline viewing. Users can watch their programs on an airplane or train, even without an Internet connection!

## ON-THE-GO ACCESS

Users can stream, download and access course handouts and access certification. All from the app. Users can start a program on their laptop while at work and pick up on the app later while working out at the gym.

## INTERACTIVE FEATURES

Interactive features like live chat, forums, and speaker Q&A put engagement right at your fingertips. Stay connected and never miss an opportunity to interact with colleagues or speakers!

## CERTIFICATION

Effortlessly complete all required and optional certification steps, and conveniently view or email your certificate directly to yourself.

## WHITE LABEL READY

The CE21 Mobile app is white-labeled-ready, allowing you to brand it with your organization's name and logo. This creates a dedicated app instance in mobile app stores, complete with your own analytics and reviews.

## FREE FOR EVERYONE

The CE21 Mobile app is included at no extra cost with all LMS contracts and is available as a free download for users.
