

Seamless ABA MCLE Integration with CE21

Simplify MCLE Reporting. Empower Your Attorneys.

CE21 is proud to offer full integration with the American Bar Association's MCLE Accreditation Services, streamlining CLE compliance and reporting for legal professionals nationwide. With this integration, your course completions are automatically reported to the ABA, saving time, reducing manual work, and delivering a better user experience.

Key Benefits

- **Automated Reporting** - Once learners complete all certificate requirements as set up in CE21, their information is instantly and securely transmitted to the ABA - no more manual completion reports.
- **Instant Access to Affidavits & Certificates** - Users receive immediate access to their ABA affidavits and certificates through CE21, with no delays, emails, or extra steps.
- **Custom Messaging & Branding** - Easily tailor the completion message and certificate interface users see, ensuring a seamless, branded experience.
- **Support for Multiple Learning Formats** - Compatible with webcasts, webinars, live events, on-demand, and video replays. Modular tracking supports virtual summits and classrooms.
- **Historical Syncing Options** - Add ABA IDs to past programs to give historical users access to their certificates - sync completions on demand with one click.

How It Works

- 1** Set Up Your Integration
- 2** Enter ABA Program IDs into your Products
- 3** Automated User Syncing
- 4** Affidavit Access Made Easy
