

CE21SM

ONE SYSTEM. ONE LOG IN. **ONE EXPERIENCE.**

Unifying **Learning, Membership,** and **Event Management** into **One Powerful Platform**

LMS · AMS · EVENTS

Learning on the Go with the CE21 Mobile App

Provide your learners with the flexibility to engage with content anytime, anywhere. Users can watch programs, complete certifications, and continue learning even without an internet connection.

The app is also fully white-label-ready, allowing organizations to customize the branding, manage analytics and reviews, and control their app store presence.

KEY FEATURES

- ✦ Offline viewing and access to course materials
- ✦ On-the-go certifications and progress tracking
- ✦ Interactive features including live chat and forums
- ✦ Get notified when live programs begin with real-time push alerts
- ✦ Included at no extra cost with all LMS contracts

★★★★★

"Both the download and streaming were clear, the handout tabs works great and the app overall is easy to use. A great way to watch CE programs on the go!"

— G. Jones (Android User)

TRIDENT LMS

Learning Management System

The **CE21 Trident Learning Management System (LMS)** is the core of our platform, providing a powerful and adaptable framework to manage your educational programs. Its customizable tools are built to address the diverse needs of organizations, delivering practical solutions aligned with their unique goals and workflows.

KEY FEATURES

- ✦ **Diverse Product Types:** Provide a broad selection of offerings, such as in-person events, simulative sessions, webinars, on-demand courses, live webcasts, SCORM packages, and more.
- ✦ **Robust Certification:** Create and automatically issue custom certificates. Assign evaluations, quizzes, attendance tracking, and other criteria to monitor participation and engagement.
- ✦ **Powerful Reporting:** Access nearly 50 built-in, schedulable reports, and use a customizable dashboard to quickly view sales data and key summaries.
- ✦ **Flexibility & Customization:** Easily modify the customer catalog, program viewers, and other components using dynamic widgets, custom tabs, and CSS. All updates apply instantly in real time.

"The CE21 team feels like part of our own staff. I only wish we switched sooner."

— Willis Turner, President & CEO, SMEI

CE21

LIGHTHOUSE AMS

Association Membership Management

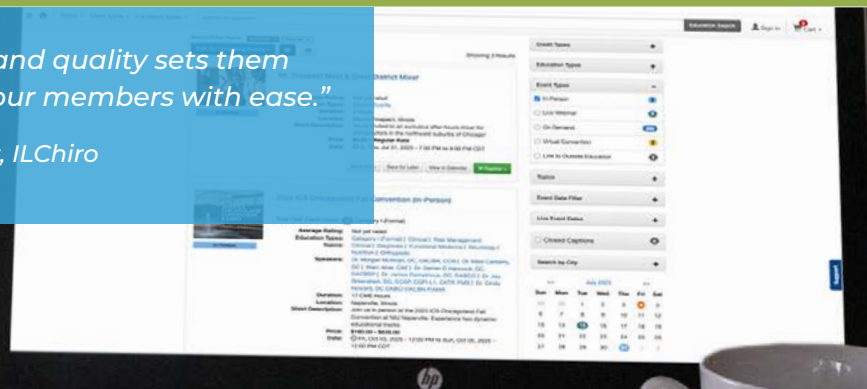

CE21 Lighthouse Association Management System (AMS) simplifies membership management for individuals, organizations, and chapters. It provides key functions such as recurring dues, fundraising, and group management. Built-in tools like forums, directories, classified ads, and more help strengthen your community.

KEY FEATURES

- + **Unified Experience:** Manage your members, website, and LMS products from a single login and interface.
- + **Self-Service for Members:** Allow members to update their information, manage recurring payments, and upgrade their memberships.
- + **Automated Renewals:** Automatically generate invoices, send payment reminders, and handle membership tier transitions.
- + **Diverse Membership Types:** Easily manage individual, company, and chapter or section memberships.

“CE21’s commitment to efficiency and quality sets them apart. Lighthouse helps us serve our members with ease.”

— Marc Abila, CAE, Executive Director, ILChiro

REGATTA EVENTS

Event Management

Regatta Events is CE21's built-in solution for managing in-person, virtual, and hybrid events. It is fully included with the LMS. Whether you're planning a one-day seminar or a multi-track conference, Regatta provides the tools and flexibility you need to create a smooth and engaging experience for attendees.

KEY FEATURES

- ✦ **Flexible Event Formats:** Host in-person events, fully virtual conferences, or hybrid formats to reach a broader audience.
- ✦ **Engaging Virtual Experience:** Build custom-branded conference portals with interactive features, virtual exhibitor booths, and sponsor showcases.
- ✦ **Live Event Management:** Manage agendas, attendee registration, and QR badge scanning for in-person events.
- ✦ **Detailed Analytics:** Access comprehensive data on visitor activity, page views, and exhibitor booth visits.

*"Our virtual and hybrid events are now top-tier.
CE21 listens, evolves, and truly supports our success."*

— Brenda Dill, Executive Director, PCEE

About CE21

Your success is our success. We believe a true partner does more than just provide software. We actively make your life easier. This includes offering expert, in-house support directly to your members, freeing your team from frontline technical questions.

This commitment to simplifying your work is the reason our technology exists. We know you're tired of fighting software that wasn't built for you, and our unified platform is designed to end that struggle. It creates powerful efficiencies by automating tasks and consolidating your workflows into a single, central hub.
