

## CE21 Live Event Portal: Simplify Your Event Management

The CE21 Live Event Portal is your comprehensive tool for managing event registrations, attendance, and continuing education (CE) credits. Designed for efficiency and ease, our platform enhances the attendee experience while streamlining administrative tasks for organizers.

### Key Features:

- **Intuitive Registration Interface:** Effortlessly capture attendee details with a user-friendly system.
- **QR Code Management:** Generate unique QR codes for seamless session check-in and check-out.
- **Real-Time Attendance Tracking:** Instantly track and update attendance records during events.
- **Integration with LMS and AMS:** Sync attendee information and CE credit data directly with your Learning and Membership Management Systems.
- **Customizable CE Program Tools:** Simplify credit tracking and program management with flexible features.
- **Advanced Reporting and Analytics:** Access detailed event insights for post-event evaluations.

### How It Works:

- Attendees receive custom badges with unique QR codes (with the option to feature your logo).
- Your staff or volunteers use any camera-enabled device to scan codes, ensuring quick and accurate attendance tracking.
- Real-time tools allow you to manage session attendance, track time thresholds, and adjust CE credits as needed. A color-coded flag system identifies attendees requiring further review.

### Why Choose CE21?

- Eliminate paper lists and manual tracking with instant, accurate data updates.
- Optimize your CE program management and attendee engagement.
- Simplify event logistics with a single, easy-to-use platform.

Transform your next event with the CE21 Live Event Portal—because managing CE programs and attendee experiences should be effortless.
